

## Local Union Resources: Launch of the Telecommunications Member Survey: Working from Home

### Letter to members

#### **EMAIL SUBJECT: Add your voice to the Working from Home Member Survey**

Dear members,

In response to the COVID-19 crisis, many employers have imposed work from home programs. Unifor is in the process of gathering information from our members regarding our experiences working from home, including the impact of that work on our job performance, personal lives, mental and physical health, and more.

Will you share your experience working during the COVID-19 pandemic? [Complete the survey today.](#)

English: [www.unifor.org/wfhsurvey](http://www.unifor.org/wfhsurvey)

French: [www.unifor.org/tadsondage](http://www.unifor.org/tadsondage)

**The survey will be open until Sunday, October 4, at midnight. Please fill out the survey today, on a personal phone or computer - not your company computer - and not during work hours.**

In order to paint a clear picture of the effects of working from home on telecommunications workers, we need to hear from you.

Your union will use this confidential information to help develop stronger bargaining demands, improve our working conditions, and demand better rules and legislation from governments.

**[After you complete the survey, share it with your fellow Unifor members.](#) Thanks for adding your voice to this important conversation.**

### Website Post

#### **Title: Have your Say in the Work From Home Member Survey**

Unifor launched a cross-Canada Telecommunications Member Survey on Working from Home. All members are invited to participate in this survey, to help paint a clear picture of the effects of changing work environments in the telecommunications sector.

**Please fill out the survey today, on a personal phone or computer - not your company computer - and not during work hours.**

Unifor wants to know about members' experiences working from home, including the impact of that work on job performance, personal lives, mental and physical health, and more.

Your union will use this confidential information to help develop stronger bargaining demands, improve our working conditions, and demand better rules and legislation from governments.

**[The Working from Home survey will be open until Sunday, October 4, at midnight](#), and is available in both English and French.**
