# Extended Health Care

## General description of the coverage

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits. Extended Health Care coverage pays for eligible expenses that you incur while covered under this plan.

*Eligible expenses* mean expenses incurred for the services and supplies described below that are medically necessary for the treatment of an illness and do not exceed the reasonable and customary charges for the service or supply being claimed. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

*Medically necessary* means generally recognized by the Canadian medical profession as effective, appropriate and required for treating an illness according to Canadian medical standards.

*Reasonable and customary charges* mean:

- fees and prices normally charged in the regional area where the services or supplies are provided, and

**To qualify** for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

**Reference to Doctor may also include a nurse practitioner** – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs* outlined in the Benefit Summary.

- apply the *Reference Drug Limit* to select province(s), excluding Québec. The selected province(s) may vary with each *therapeutic category*.

For all *therapeutic categories*, the *Reference Drug Limit* applies to covered persons in the selected provinces having no previous claims for a non-*Reference Drug*. - clinical support for switching to the *Reference Drug*.

- while this provision is in force.

**If the Extended Health Care benefit ends**, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if both of the following apply:

# Dental Care

## General description of the coverage

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover **reasonable expenses**. We will not cover more than the fee stated in the Dental Association Fee Guide specified in the Benefit Summary. When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

We will base payments on the fee guide at the time the person receives the treatment.

### To decide what part of a procedure we will pay for:

- we will first find out if you could have had alternate, or other, dental procedures.
- we confirm that these alternate procedures are part of usual and accepted dental work and produced a similar result to the procedure that the dentist performed.

We will only pay the reasonable cost of the least expensive alternate procedure.

<b>If you receive any temporary dental service</b>	It will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.
<b>Claiming when the expense is incurred</b>	<p>You must claim an expense for the benefit year in which you incurred the expense.</p> <p>The benefit year is indicated in the Benefit Summary.</p> <p>You incur an expense on the date your dentist performs a single appointment procedure.</p> <p>For procedures which take more than one appointment, you incur an expense once the entire procedure is completed.</p> <p>See the table <b>Instructions and Time Limits for Sending Us Your Claims</b> at the beginning of this booklet for information about when and how to make a claim.</p>

<b>Maximum benefit</b>	Maximums are indicated in the Benefit Summary.
<b>Getting an estimate before you have certain procedures</b>	<p>For any major treatment or any procedure that will cost more than \$500, we suggest that you send us an estimate before the work is done. Here's what to expect:</p> <ul style="list-style-type: none"><li>• you will send us a completed dental claim form that shows the treatment that the dentist is planning and the cost.</li><li>• both you and the dentist will have to complete parts of the claim form.</li><li>• we will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.</li></ul>

# Critical Illness

## General description of the coverage

Critical Illness coverage provides a benefit if, after the effective date of coverage, and while coverage is in force, you have a diagnosis of a covered condition, or you have surgery for a covered condition, as indicated below under *What we will pay*.

**See the Benefit Summary at the beginning of this booklet to see the amount of coverage and the date coverage ends.**

See the table **Instructions and Time Limits for Sending Us Your Claims** at the beginning of this booklet for information about when and how to make a claim.

**To qualify** for this coverage, you must be a resident of Canada.

<b>What we will pay</b>	<p>We will pay the Critical Illness benefit if, after the effective date of coverage, and while coverage is in force, you have a diagnosis of a covered condition, or you have surgery for a covered condition, subject to the survival period. Claims will be assessed based on the Critical Illness provisions in effect on the date of diagnosis or surgery.</p> <p>The Critical Illness benefit is payable only on the first covered condition for which a diagnosis is effective, or surgery is performed, and the person's coverage then terminates. Such person may not become covered again under this benefit.</p> <p>We reserve the right to require examination of the covered person and confirmation of any diagnosis of or surgery for any covered condition, by a medical practitioner appointed by us in order for any Critical Illness benefit to become payable.</p>
<b>Diagnosis</b>	<p>Diagnosis means a written diagnosis by a physician or specialist physician, licensed and practicing in Canada, of the covered condition. Any diagnosis must be made while coverage is in force and will be effective as of the date it is established by the physician or specialist physician, as supported by the covered person's medical records. Any diagnosis of a covered condition that was made prior to the effective date of coverage will not be covered.</p>
<b>Life support</b>	<p>Life support means the covered person is under the regular care of a licensed physician or specialist physician for nutritional, respiratory and/or cardiovascular support when irreversible cessation of all functions of the brain has occurred.</p>
<b>Physician</b>	<p>Physician means a legally and professionally qualified medical practitioner practicing in Canada. The physician providing the diagnosis or treating the covered person must not be the covered person, a relative of the covered person, or a person who normally resides in the covered person's household.</p>
<b>Specialist physician</b>	<p>Specialist physician means a licensed medical practitioner who has been trained in the specific area of medicine relevant to the covered critical illness condition for which a benefit is being claimed, and who has been certified by a speciality examining board. In the absence or unavailability of a specialist physician, and as approved by Sun Life, a condition may be diagnosed by a qualified medical practitioner practicing in Canada. The specialist physician providing the diagnosis or treating the covered person must not be the covered person, a relative of the covered person, or a person who normally resides in the covered person's household.</p>

<i>Surgery</i>	Surgery means a medical operation performed on the covered person and recommended by a physician or specialist physician, licensed and practicing in Canada.
<i>Survival period</i>	Survival period means the period starting on the date of diagnosis of the critical condition and ending 30 days following the date of diagnosis of the critical condition, unless a covered condition described below expressly modifies this definition. The survival period does not include the number of days on life support. The covered person must be alive at the end of the survival period and must not have experienced irreversible cessation of all functions of the brain.
<b>Who we will pay</b>	The Critical Illness benefit is payable to you or, in the event of your death, to your estate.
<b>Changes in coverage</b>	Changes in the amount of coverage or covered conditions may occur as the result of an employment status change or a change in plan design.
<i>Changes in the amount of coverage</i>	If you are not actively working on the date a change occurs, refer to <i>Changes affecting your coverage</i> in the <i>General Information</i> section to understand the effective date of any change to the amount of Critical Illness coverage.
<i>Other changes</i>	<p>If new Critical Illness conditions are added to this plan, the new Critical Illness conditions will only apply to:</p> <ul style="list-style-type: none"> <li>• employees who are actively working; and</li> <li>• employees already having Critical Illness coverage</li> </ul> <p>on the date that the change occurs. The effective date of coverage for the new covered conditions is the date of the change to the plan.</p> <p>If you are not actively working when the change occurs, the change will take effect when you return to active work and such date will be your effective date of coverage for the new covered conditions.</p> <p>In all instances, the effective date of coverage will determine your eligibility for a Critical Illness benefit payment and will be applied to any exclusions and limitations.</p> <p>If the definition of a Critical Illness condition is changed, we will adjudicate any claim for a Critical Illness benefit based on the definition of that Critical Illness condition in effect on the date of the diagnosis or surgery, regardless of whether you were actively working on the date of the change.</p> <p>In the event of a change of carrier, the following rules apply to any employee who was covered under the previous group contract on the date immediately preceding the effective date of coverage under this plan:</p> <ul style="list-style-type: none"> <li>• the new plan, including coverage for any new Critical Illness conditions which were not included under the previous carrier's plan, applies to all employees on the effective date of this plan, regardless of whether the employee is actively working on such date;</li> <li>• for any new Critical Illness conditions referred to above, when applying any exclusions or limitations of this plan, the effective date of coverage is the effective date of this plan; and</li> <li>• for Critical Illness conditions under this plan which were also covered under the previous carrier's plan, when applying any exclusions or limitations of this plan, the effective date of coverage is the date the employee most recently became covered under the previous carrier's plan.</li> </ul> <p>If an employee received a Critical Illness benefit payment under the previous carrier's plan, then such employee will not be covered under this plan for that Critical Illness condition for which a benefit payment was already made.</p>
